Rubber Tech & Engineering

LINHA UPU · PERFIS U

Proteção de bordas e vedação com acabamento

A **TRAFBOR®** é uma indústria de artefatos de borracha com produção própria em Bom Jesus dos Perdões (SP). Desenvolvemos e fabricamos perfis extrudados, peças moldadas e soluções técnicas em borracha para a indústria, a infraestrutura, o setor portuário, o saneamento e a logística, com atendimento técnico do projeto à entrega.

Os perfis tipo U se encaixam na borda de chapas, vidros, painéis e esquadrias. Protegem contra cortes e impactos, absorvem vibração, vedam frestas e dão acabamento às peças, em máquinas, veículos, móveis e na construção civil.

A linha UPU reúne 112 seções, com diferentes aberturas, espessuras e lábios de retenção. Informe o código e a metragem ou envie a medida da chapa para indicarmos o perfil ideal.

Características

- Encaixe firme por pressão, sem adesivo
- Absorção de vibração e ruído
- Fornecimento em rolos ou barras cortadas
- Proteção de bordas cortantes
- Compostos em EPDM, NBR, SBR, neoprene e silicone
- Desenvolvimento de perfis sob medida

Aplicações

Chapas metálicas · Vidros e esquadrias · Máquinas e equipamentos · Painéis e divisórias · Carrocerias e ônibus · Móveis e expositores

Como solicitar um orçamento

01 Identifique o modelo
Localize o código ou a medida na tabela deste catálogo.

02 Informe a quantidade
Metragem, número de peças e o composto ou cor desejados.

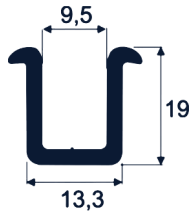

03 Fale com a Trafbor®
WhatsApp (11) 3136-1374 ou telefone (11) 2626-8107.
